Customer service representative

[04/2017 – 11/2019]

- Receiving the defective products from the customer, completing with him a report of delivery-receipt. Shipping the defective products to the authorized service, associated with the respective brand for repair within the legal term of 15 calendar days. Communicating with the service both by mail and by telephone in order to solve the problem on time and without problems. After dispatching and receiving the product from the service, the customer is informed so that he can come and pick up his product from the store.
- The process of returning the money / replacing the defective product with a new one if it could not be repaired by the service.
- Sending excel monthly reports to the main office in Bucharest in order to receive the money back from the supplier for the products replaced in the store.
- During my free time I've also liked to sell products from different districts of the store.
- Responsibility to sell the extra guarantee service to the clients.
